

## LEGISLATION/ EQUALITY ACT

Did you know café barriers need to comply with Equality and Disability regulation?

Since the 2010 the Equality Act (previously the Disability Discrimination Act 1995), equal access must be given to all buildings and public areas.

Talk to us for details, our barriers all conform with the requirements :

- Café barrier bases must be smooth and shallow to allow wheelchairs to roll over them
- Lower banner rails must be in place and at a specific height to aid blind customers
- Finish of barriers must be smooth and anti-glare

Please talk to us before ordering from a competitor claiming to be DDA compliant.

## CAFE BARRIERS

Manage indoor or outdoor spaces

A printed café barrier is a great way to promote your restaurant, bar or snack shop. When space is tight, café barriers are a practical way to manage floor areas. Even better when the barriers show off your logo and promote your company!

With the increased popularity of alfresco dining, making use of your outdoor space has never been as important..

Our barriers are suitable for both indoor and outdoor use, available in standard or custom sizes. If you have an old barrier you want re-made just send us the measurements and a picture.
